

JSD Math News

High-quality mathematics learning - Every day, for every learner.

2021-04-26

THIRD EDITION

MATH TALK MOVES!!!

Do you sometimes feel like you're talking to yourself when you try to have math discussions in your classes?

Do you want to find ways to get your students to talk to each other about mathematics in meaningful ways?

RAISE YOUR MATH TALK TO THE Nth DEGREE!

(MathTalk)^N

- Improve academic discourse
- Increase mathematics discussions between students
- Increase student engagement

T&L Secondary Mathematics Professional Development

2021-2022 School Year

The PD will consist of TWO Parts - each with THREE 90-minute sessions. You may choose to participate in BOTH parts, or just one, if that is all the time commitment you can give.

Participants will receive an innovative app and training on how to use it to collect data on the mathematics discussions in their classrooms. ALSO, a stipend will be awarded. (Details coming soon!)

WATCH FOR IT: Registration information will be sent out soon!

If you have questions, contact AMY KINDER at 801-349-7261 or NOELANI IOANE at 801-567-8349
